On March 28, 2005, the Commission issued a Notice of Investigation and Notice of Modified Procedure, Order No. 29743, in this matter to investigate whether the LPIC change charges established by the Commission should coincide with the PIC change charges established by the FCC. On April 8, 2005, the FCC extended its previously set deadline for the filing of revised federal tariffs for interstate PIC change charges from April 14, 2005 to October 17, 2005 in response to petitions from many local carriers expressing difficulties complying with the April 14 deadline. Qwest Corporation submitted an Application asking this Commission for an additional 30 days in which to file comments in this case.
